## THE Big Day

Last Saturday was the opening day of our Big Shoe Sale. This was a record day in the footwear line. Never before have we turned out so many pairs in one day.

### What was the reason?

All we can state the prices have been reduced so low that our customers took advantage and snapped the bargains quickly. Now please remember we still have a large stock of bargains on hand and we will continue to slash the prices until the last day of this sale, May 26th. We will not give in until our stock is reduced. You can easily see we are over-crowded with shoes, and we are forced to reduce this line. The values we are now showing are very attractive—in fact some prices are less than wholesale cost.

### Here are a few Specials

Women's one-strap Slippers, Vici Kid, good comfortable house slippers <i>While they last \$1.95</i>	Boys' and girl's shoes in assorted leathers, also canvas top with solid leather soles, all sizes in stock. <i>Cut Price \$2.65</i>

### W.C.T.U. Hold School Concert

The Public School Temperance Speaking Contest provided by the W.C.T.U. under the direction of Miss Kerr, held on Wednesday evening last was very largely attended, the Evangelical church being filled to the doors. The whole programme was very much enjoyed by those present and the different papers and readings given by the pupils were of a very high order.

Choruses given by the girls and boys were much appreciated. Mrs. Macgregor and Mr. Paulding very ably sang a duet "Down the Vale" and Mrs. Parker Reed favored the audience with a solo. Mr. Mykle acted as chairman and Revs. McGregor and Clemons delivered addresses.

The following were the winners in the two contests, six competitors in each contest. Essay contest, 1st Fernula Stauffer, 2nd Annie Eubank, 3rd Tom Reed. Medal contest, temperance recitations, Greenville Paton.

### Government Supervises The Local Health Conditions

The new regulations in regard to public health have been taken out of the hands of the local Board of Health and Town Council and are now being supervised by the Provincial Department of Public Health, who will show no favoritism or leniency in carrying out the regulations.

Inspector Phelps of the Department was in town last week and with Constable Sick, who has been appointed an assistant inspector by the Government, inspected the whole town in regard to its cleanliness. Several notices were given to people to clean up and if no action is taken by them the Department will proceed against them. The Department of Public Health is also going to compel every person to put in current receptacles in out-houses and also make them fly-proof.

### Price of Wheat to Mills Increased

You'll have to pay more for your flour from now on. A regulation was issued by the wheat board which went into effect on Saturday night which increases the price of the wheat sold to the mills. The increase is 35¢ per bushel in the prairie provinces and 40¢ in B.C., Ontario and Quebec. The increase on bran and shorts is \$3.00 per ton on the wholesale price.

This means that the retail price of flour will have to be raised to the consumer.

The picture, "Back to God's Country" which was made in Alberta and which has received such a good reception all over the American continent has been booked to appear in the Didsbury Opera House about the end of May or beginning of June.

### Merchandising

To the merchant a connection with a sound bank is invaluable. Our officers, through long experience, are in a position to offer advice on any financial matter, such as credits, accounting, etc. Sound counsel on these points results in a profitable business in a healthy condition. An important convenience is the automatic receipt obtained through the payment of accounts by cheque.

Resources exceed \$174,000,000

### Ethel Clayton's Leading Man Given Score

During the filming of Ethel Clayton's new picture, "More Deadly Than The Male," which is being shown at the New Opera House, Didsbury, Friday and Saturday, May 14th and 15th, Edward Hoxton, the leading man, had the disagreeable experience of thrusting his hand into some orchids and having a deadly poisonous Siskinake, a native of South Africa, coil tightly around his wrist. Hoxton turned deathly pale and gave a wild yell.

"Don't worry," shouted Robert Vignola, the director, "It's fangs have been removed."

"Why didn't you tell me that beforehand?" said the actor rather ruefully.

"Well, the script calls for exactly what you did when you saw the snake," laughed Vignola. "And it was too good an opportunity to get some realism to miss."

### Rehabilitating the World

The Supreme Council of the League of Nations is making substantial progress with the difficult task entrusted to it of disentangling the complex tangle which for so long have been held subject to the Sultan under the tyranny of the despotic and murderous Turks. Europe and Asia present many international, racial and religious problems, but none quite so difficult of solution as that of the old Turkish empire. It is easy to criticize Great Britain and France because of the decision to leave the Turks in Constantinople, but it is not so easy to outline an alternative policy likely to prove successful and not provoke a still more serious situation, and one that might have far-reaching results of a disastrous character. However, the power of the Turk is destroyed, and an end is in sight to the long chapter of Ottoman misrule, rapine and murder.

Having been rescued from the domination of the Turks by the victorious British armies, Palestine and Mesopotamia have been entrusted to Great Britain to be administered under a mandate from the League of Nations, and a national home for the Jews is being established under the protection of the United Nations. France is given a mandate for the administration of Syria, and the United States has been asked to accept the mandate for oppressed and down-trodden Armenia. Thus to the three most powerful of the allied nations, those enjoying the most democratic forms of government, and actuated by the loftiest ideals, is given the humane and civilizing work of bringing a new era of happiness and prosperity to millions of people who for centuries have been little more than slaves, with life and property in hourly danger of extinction by the unscrupulous Turk.

In this column last week reference was made to the grave financial problems which must be solved by the people of Canada, and it is possible that before this appears in print the budget will have been presented at Ottawa and the policy of the Government indicated as to how the national obligations are to be met. It is inevitable that there must be a further increase in taxation, and Canadians must be prepared for it. But grave as our position in Canada may be, and heavy the burdens to be borne,

they are slight in comparison to those of other lands and peoples.

The German budget was recently presented to the Reichstag. The financial burden which the people of Germany must meet in some form or another this year reaches the stupendous total of \$2,500,000,000 marks, or roughly speaking, \$14,000,000,000, or more than four times the gross national debt of Canada. Dr. Wirth, the German Finance Minister, frankly admits he is at a loss to know how the money is to be raised or where it is to come from.

Italy is carrying an enormous debt. It was heavy before the war, and has been increased many times over. The government and people are meeting it courageously, and a loan of 20,000,000 lire has just been raised by the Italian people.

France, too, has recently floated a loan among its own people of 15,000,000 francs, or an amount equal to the national debt of Canada. The French parliament is now engaged in passing measures which will enormously increase the taxation imposed on the French people.

With a national debt of approximately \$40,000,000,000, Great Britain has started on the great task of paying it off. No further borrowings will be made, but taxation is being substantially increased. This year British revenue is estimated at \$7,000,000,000, or more than double our national debt. This great revenue will provide for a reduction in the British national debt of at least \$1,000,000,000 while in 1921 it is estimated that a further reduction of \$1,500,000,000 will be made.

Canada has not yet made a start at debt reduction; on the contrary the debt is still increasing. This must stop, and the work of liquidation of the national debt begun. It can only be accomplished by this Dominion following the example of other countries—curtailing expenditures wherever possible and increasing revenues by increasing taxation. The people must be prepared for this and must accept it without any complaint. There is no other way out. The longer the debt is allowed to stand, the heavier the burden will become. People realize this in their individual affairs; they must appreciate the fact that it is equally true in their national business.

Notwithstanding the wholesale destruction of the last five years, and the enormous burden of debt and taxation which must now be borne, the world is still the gainer, because the Great War was the operation whereby the cancer of militarism and the ever-increasing burden of military and naval armaments was cut out of the world's body. The cost of the operation must now be paid for, but the cure effected will give renewed life and vigor to the world, and, by relieving it of an intolerable burden, will ultimately add to its prosperity and the comfort and happiness of all people.

Canadian Ships Carried Nearly All Own Grain

Some interesting figures dealing with the total export of Canadian grain in Canadian ships as compared with the export in the United States vessels were given in the house in reply to a question from A. B. Cope, (Westmorland). Sir George Foster said 95.55 percent of wheat exported was carried in Canadian bottoms as well as 85.94 percent of export oats, and 89.63 percent of barley.

## THE BEST MEDICINE FOR LITTLE ONES

Thousands of mothers state positively that Baby's Own Tablets are the best medicine they know of for little ones. Their experience has taught them that the Tablets always do just what is claimed for them and that they can be given with perfect safety to children of all ages. Concerning them Mrs. Joseph Therrien, St. Gabriel de Brandon, Que., writes: "Baby's Own Tablets are the best medicine I know of for little ones. I thought I would write you about them, trying the Tablets but they soon made him healthy and happy and he now walks and talks without crying. The Tablets are sold by medicine dealers or by mail at 25 cents a box from J. Williams Medicine Co., Brockville, Ont."

## SHORT OF BREATH Could Hardly Walk Without Resting.

When you go to a physician to be examined for heart trouble, one of the first questions he asks is: "Are you short of breath?"

Now, when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of complete exhaustion.

On the first sign of the heart becoming weakened or the nerves unning Milburn's Heart and Nerve Pills are just exactly what you require. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mr. Stephen Grouse, East Clifford, N.S., writes: "I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting, as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

Price Six a box at all dealers, or mailed direct on receipt of price by The F. Milburn Co., Limited, Toronto, Ont.

### Stock Raising in B.C.

Breeders of the Province Are Going In For Purebred Cattle

The breeding of purebred stock for export, is believed to be a coming industry in British Columbia. Development of this new industry is bringing new breeders into the province. New herds are being brought together, the owners of which have a guarantee that there will be an abundant market for blue-blooded cattle, not only locally and in the nearer provinces and adjoining states, but as well in Hawaii, Australia and New Zealand.

Several head of purebred Holstein cattle have been sent to Australia from British Columbia recently, and it is said that Australian stockmen are planning to send their representatives to Canada for the purpose of securing registered Hereford, Holstein and Jersey cattle.

### Korean Alphabet

Consists of Fourteen Consonants and Eleven Vowels

One of the first acts of Japan, upon taking over Korea, was to forbid the printing of books in anything but Japanese characters. On-mum, the script of Korea, is altogether different from the language of China and Japan, and was at first despised because it was "so easy that even women could learn it in a month." The script is ascribed by Korean annals to the year 1447, when the King of Korea, resolving to assert his independence by abandoning the use of Chinese writing as the official medium of correspondence, invented an alphabet to suit the special requirements of the vernacular. The Korean alphabet consists of fourteen consonants and eleven vowels. The characters are of an extreme simplicity, contrasting strongly with the complex Chinese. There are no pronouns of the first and second person, the third, with relational particles, serving for both.

# Great Changes In Britain Are Wrought by War

Atlantic City, N.J.—Changes have been wrought by the war in Great Britain which "almost deserve the title of revolution," said Sir Auckland Geddes, British ambassador to the U. S., in an address before the annual convention of the United States Chamber of Commerce. Vast new classes have been enfranchised, he said, and the working classes, strong-anti-militaristic, now hold "ultimate political power."

"They seek to limit the nation's power," he said, "to secure tranquility in Asia Minor, in Asia and Africa. Silently and without fuss, the army has been reduced to a strength which many think barely sufficient to police the empire. The people are determined to deal with problems of health, housing and education. They see clearly that to secure their purpose they have to end the rancors and animosities that have torn Europe and brought her to the brink of destruction."

Reports of dissensions between the representatives of Britain and France and Italy at San Remo were "fantastic," the ambassador assured the chamber.

"The great question you have to decide," he continued, "is this: Are you going to stand by and wait for Europe's troubles to come after you, as they will, or are you going out to help Europe—and remember, I am excluding the European part of the British commission of nations—to win through to reasonable conditions?"

## Calgary Editor Honored

J. H. Woods is Made Chevalier of the Order of Leopold

Calgary.—J. H. Woods, editor and managing director of the Calgary Herald, has been created a chevalier of the Order of Leopold by King Albert of Belgium, and on behalf of his majesty the star of the order was presented to him by H. DeBorset, Belgian consul at Calgary, at a public ceremony. The honor was conferred on Mr. Woods because of his signal services during the war as the secretary-treasurer of the Belgian relief committee for southern Alberta. Addresses were made at the ceremony by Mayor R. C. Marshall, and A. Allen, the chairman of the Belgian Relief Committee, and Mrs. Harold Riley of the women's auxiliary of the committee.

Tank Steamers Awarded to U.S. London.—The eight tank steamers which have been the subject of a long discussion by the reparations commission of the peace conference as to what nation should receive them, have been awarded to the United States for temporary management.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair grow long, thick and strong, and become soft, glossy and abundant.

## Will Evacuate German Towns

Whole German Force in Ruhr District Must be Reduced to 10,000 by June 10

Paris.—Premier Millerand, in making a declaration to the chamber of deputies on the results of the supreme council meeting at San Remo, said that the Frankfurt and Darmstadt territories would be evacuated by the French as soon as the allied commissions had established that the German armed force over the number allowed by the convention of August, 1919, had been withdrawn.

The whole German force in the Ruhr region, the premier declared, must be reduced to 10,000 men by June 10 next, and by July 10 all the German soldiers must be withdrawn and replaced by a police force of 10 thousand men.

"I said at San Remo," M. Millerand continued, "and I repeat it here, now, that it is a crime and stupidity to believe that France desires to annex any fresh German territory."

"The details of the treaty with Turkey cannot be divulged before Turkey's plenipotentiaries come to Paris on May 10, but I think that the treaty is in conformity with the outline already made public, the Turks being maintained in Constantinople and in the territories in which they are in the majority."

"An appeal has been sent to President Wilson asking him if his country cannot take up the mandate for Armenia, at least to collaborate in the fixing of the frontiers of the new state."

In conclusion, M. Millerand declared that upon leaving San Remo, the allies were more united than ever.

"If I may be permitted to say it, especially the entente between France and her sister of the Latin race is closer than ever," he said.

The premier's remarks received deep attention, but no enthusiasm was displayed in the chamber.

## May Redeem Property

Vancouver Court Refuses To Grant Foreclosure Release Opportunity Is Given

Vancouver, B. C.—German holders of Vancouver property will be given a fair chance to avoid foreclosure and the right to redeem, according to a ruling made in the supreme court by Justice MacDonald. Before the war, Countess Mira Dorothea, Countess Elke, Princess and Count Hippolyte Dornhoff, of Berlin, Germany, purchased an apartment house in this city for \$90,000, paying \$36,000 cash and assuming a mortgage. The amount remaining unpaid amounts to \$22,000, and today a local firm asked for foreclosure. The defendants are asking for delay to enable a defence to be entered, and this the judge was inclined to grant.

Protest Against Canadian Cattle The minister of agriculture received another influential denunciation protesting against the permission given some time ago for the importation of a hundred Friesian cattle from Canada and expressing fear that the importation of other herds would be sanctioned. This is the first time that the reasons were exceptional and a strict quarantine would be imposed, and assured that there was no intention of relaxing the restrictions against stock cattle.

Thrift Conference Calgary.—The first Dominion thrift conference will be held in Calgary on June 3, 4 and 5. Every woman's organization in the country and the federal and provincial governments are being invited to send delegates.

Potato Boycott Stratford, Ont.—Some three hundred women at a meeting in the city hall pledged themselves not to buy any potatoes for one month unless offered at \$3 a bag.

## Japanese Massacred

Warships Are Rushed to Eastern Siberia With Troops

Washington.—Japanese guards in the district of Nikolaevsk, eastern Siberia, are believed to have been annihilated and several hundred Japanese residents, including the Japanese consul there, massacred, according to an official statement issued by the Japanese foreign office, and made public today by the state department.

The Japanese statement says the expedition of communications with the district rendered it impossible to get at the real state of affairs, but that it was evident that a serious upheaval had taken place. Efforts of the Japanese to despatch military relief expeditions into the district had failed because of the ice. Meanwhile, however, the Japanese have sent an expedition to Alexandrovsk, accompanied by the warships Mikasa and Mishima. The forces reached their destination on April 22 and found the Japanese residents in that district safe. Most of them were taken aboard the Mikasa.

## Cost of Victory Loan

Canvassers Were Paid Million Dollars in Commissions

Ottawa.—A total of \$1,110,402.37 was paid out by minister of finance in commissions to canvassers and brokers who handled the last Victory Loan. These fees ran proportionally higher in Quebec provinces than elsewhere; \$352,932.17 was paid on this head in Quebec, representing 22 per cent of total sale commissions to the loan. In Nova Scotia \$57,573 was paid out, or 20 per cent of the subscriptions. In Saskatchewan the figures are \$48,900, or 18 per cent; in New Brunswick \$27,500, or 17 per cent; in Ontario \$538,673, or 15 per cent; in Manitoba \$54,200, or 12 per cent; in Alberta \$19,150, or 11 per cent; and in British Columbia \$22,455 or 6 per cent. Prince Edward Island did not cost the federal government anything in brokerage or commissions.

## Lord Mayor of Dublin Returns

Released from Wormwood Scrubs; Put Was Threatened With Arrest if He Returned

Dublin.—Tom T. Kelly, lord mayor of Dublin and Sinn Féin member of parliament, who was released from Wormwood Scrubs prison in England because of ill health, has returned to Dublin. It is said that he will not be able to take office because of the effects of his incarceration.

He had been under arrest since May 25, 1916, on charges growing out of the Irish revolt of that year. A despatch from London February 17, said Kelly's release was due to his state of health. Order of internment, it was added, was not revoked, and it was stated that Kelly was informed he would be arrested again if he made attempt to return to Ireland. During his incarceration Kelly was ordered to report his movements to the authorities.

## Says She Cannot Praise Them Enough

MRS. GAUVIN TELLS OF DODD'S KIDNEY PILLS

She Says Her Back Was So Weak She Could Hardly Walk But Now She Is A Different Person. St. Jeanne d'Arc, N.B.—May 3rd.—(Special.)—Among those in this neighborhood who are enthusiastic in their praise of Dodd's Kidney Pills is Mrs. Joseph Gauvin, a highly respected resident here.

"I cannot praise Dodd's Kidney Pills enough," Mrs. Gauvin says. "My back was so weak I could hardly walk. I took six boxes of Dodd's Kidney Pills and now I feel a different person."

"Dodd's Kidney Pills have done me tremendous amount of good." Of the many persons paying their tribute of praise to Dodd's Kidney Pills, it is noticeable that the great majority are women. The reason given for this is that the majority of women's troubles come from the kidneys. Dodd's Kidney Pills act directly on the kidneys, healing and strengthening them, they enable the kidneys to strain all the impurities out of the blood. Pure blood is the foundation of health.

Ask your neighbors if Dodd's Kidney Pills do not help weak or sick kidneys.

## Make Increased Demands

Advance in Wages of 25 Percent Is Demanded by the Winnipeg Building Trades

Winnipeg.—Demands for a straight increase of 25 percent in wages was made by the building trade workers before the public meeting of the provincial fair wage board held today. General dissatisfaction was expressed against the proposed schedule of wages arrived at by the board. A. Cameron, of the carpenter's union, made the declaration that unless more wages are granted the building trade workers of the city, there will be a general migration to the States and other centres where the wages are higher and the cost of living lower. It was claimed that the costs of living had increased 133 percent since 1914, by delegates to the meeting of the board. Working on this basis the general rate of wages should be \$1.50 per hour instead of around \$1.25.

The fundamental cause for all strikes, said James Winning, former president of the Trades and Labor council, is the long time that is taken by various boards in conducting negotiations and arriving at some decision. He objected to the fair wage board making its findings public until after the builders' exchange has presented its schedule to the workers.

## Ex-Governor of Kiel Arrested

Berlin.—Rear-Admiral Von Levetzow, former governor of Kiel, has been arrested and sent to Leipzig, according to a brief message from Kiel received by the Lokal Anzeiger. His removal was beset with great difficulties, as attempts were made to assault him by the crowds.

## Fiume Again Blokaded

Communications to the Town Have Now Been Completely Severed

Trieste.—The blockade which Fiume is now undergoing is admittedly the most severe to which it has been subjected. The communications of the town have been completely cut off, regular Italian troops tearing up sections of the railway and bringing up numbers of machine guns to guard the frontier. Passage in and out of the city is absolutely forbidden, not even milk going in, and connection with the outside world by the sea route has been completely severed. Gabriele D'Annunzio, the insurgent commander-in-chief, is threatening counter-action.

## Make Own Arrangements

Victoria.—Pilot here claim they have not been informed of the government's decision to declare open pilotage in British Columbia waters after May 6. In that event they are prepared to carry on by their own organization and will make their own arrangements with the shipping interests.

## Canada's Assets Have Increased

Ottawa.—A return tabled in the house of commons shows that Canada's total assets at the end of 1919 were \$1,087,537,461.27, on which the country received an interest \$15,732,775.29 or 1.40 percent. This rate was more than twice as high than in 1918, when the country received an interest \$7,421,001.58, on total assets of \$1,107,104,692.33.

## Alies on Rhine

London.—The number of British troops on the Rhine is approximately 14,000 according to a statement made in the house of commons by Winston Spencer Churchill, secretary for war. There are 25,000 French troops in that district, 16,000 United States and 20,000 Belgian.

New York.—Letters received here state that M. Zinovief, Bolshevik governor of Petrograd, has been assassinated by a Russian workman.

## London—The United States senate

Irish resolution was brought up in the house of commons and drew several pointed questions. Ronald MacNeil, Unionist member for the Canterbury division of Kent, asked the government if it had "any official information regarding a manifesto to be issued in Washington by an organization known as the Philippine's Commission for independence, in which it is maintained that American belief in the principle of self-determination would be demonstrated more impressively by conceding the repeated demonstration for independence by the three and a half million inhabitants of the Philippines, than by passing resolutions in the senate expressing sympathy with the cause of Irish independence," and whether "as a mark of respect for the Americans," the house of commons would be enabled to follow the precedent set by the senate by moving a resolution in sympathy with the Philippine demand for self-determination.

Andrew Bonar Law, replying for the government, said he had no information on the question, which did not seem to be one in which the British government was concerned.

Numerous other requisitions followed, and Sir Edward Carson, the Ulster Unionist leader, asked whether it was not better for each country to leave the other alone.

Mr. Bonar Law replied he thought that, in other words, it was his answer.

## Strikers Appeal to King George

Resolution is Sent to His Majesty on Behalf of Convicted Winnipeg Leaders

Winnipeg.—King George has been appealed to by the labor leaders' defence committee for the release of the convicted strike leaders.

A copy of a resolution passed at the recent convention has been forwarded to His Majesty and copies have also been sent to the minister of justice and the governor general of Canada. In the resolution it is claimed that the trades unions of the city voted for the strike and were therefore responsible for the same. There was no intention whatever to overthrow the existing forms of government and that an injustice has been done to labor and the men convicted.

## To Relieve Prussians

Berlin.—The German committees of San Paulo, Brazil, have sent to Field Marshal Von Hindenburg a gift of 321,842 marks for the relief of the East Prussian population.

### Highland News

Who was it left Ollie at the camp all alone or is he waiting for the next season?

It seems to had at the prices of feed stuffs that some people will even try to put pies in their sleeves.

We notice that some of the range horses have had their feet cut this winter and were wondering if they had been to visit J. C.'s traps.

Grandpa Rhoads was last seen on the trail for Acme, with a string of horses. His son, George Heaton, has a large ranch near Acme and Grandpa is going to help with the seeding.

### Rugby Rumors.

The house and granary on the Meredith ranch were destroyed by fire Thursday night. Nearly all

the household goods were burned and about three hundred bushels of seed cut.

The farmers in this vicinity are all busy plowing and seeding. There must be some attraction around the Didsbury hospital for Slim as he tried to cripple himself on a nail last week. Better luck next time, Slim.

### Births

Gilson.—On Wednesday, May 5th, to Mr. and Mrs. Sam Gilson at the home of Mrs. H. L. Reimer, a daughter.

Artman.—On Sunday, May 2nd, at the Didsbury General Hospital, to Mr. and Mrs. Robt. Artman, a daughter.

Abel.—On Sunday, May 9th, 1920, to Mr. and Mrs. D. Abel, a son.

### Locust Control

Of all the means employed in destroying locusts none other can compare favorably with the poisoned baits, the utility of which has been proved beyond question. Their success, however, depends greatly upon careful application while failure can nearly always be traced to some fault in making or applying the baits. The Entomological Branch has just issued Circular No. 13, "Locust Control in the Prairie Provinces" by Norman Criddle. This will be sent free upon application to the Publications Branch of the Department of Agriculture, Ottawa. It gives full information regarding preparation and application of baits. It further states that the locusts, which last year did great damage in Western Canada, are the native kinds known respectively as the Lesser Migratory and the Pellicled Locusts. These locusts pass through various stages and reach maturity about forty-five days after emerging from the ground in early May. During this time they continuously feed on growing plants. On attaining the winged state the habits of the locusts undergo a change, they acquire flying and egg laying habits, still retaining voracious feeders. By the end of June flights are a general occurrence and extensive migrations may be observed on warm sunny days.

Mr. Herly Liesener, son of Mr. and Mrs. G. Liesener, who has been studying for the dental profession in Toronto, returned home on Saturday for the summer.

It is reported that several farmers west of town have lost a lot of new born calves because of gonorrhea. It is not known what causes this disease to be so prevalent this year.

## AROUND THE TOWN

Mr. Nygaard, the new manager of the Didsbury Opera House, finds it necessary to cancel the Monday night's programme but will show on Wednesday, Friday and Saturday nights, with good special features showing for two nights, Friday and Saturday.

The splendid summer weather which this district enjoyed last week helped considerably to take away the snow and dry up the land, although it is almost too late to put in anything but the coarse grains. A lot of grain will be put in on stubble this year and a rough estimate places the shortage in acreage sown at about thirty per cent.

A concert will be given by Didsbury Women's Institute on Thursday May 20th, at 8 o'clock in the opera house. A splendid program of instrumental music, vocal selections and recitations will be given. Miss D. Noble, president of the Alberta Women's Institute will be present to give an address. Admission 50c for adults, 25c for children. Proceeds to aid the defray the expenses of Buster Lamont. 18-21

## Y.M.C.A.

Captain T. F. Best will deliver his famous address on Optimism and Pessimism, in the School Basement, at 8 p.m., Monday, May 17.

Captain Best has been in the Y.M.C.A. work for over a quarter of a century and has many friends and admirers all over Canada. He is a well-known athlete, holding more than one Dominion championship. He is also a veteran of two wars, going through the South African campaign with the Royal Canadian Dragoons, and through the recent great War, from Valcartier Camp in 1914 to the occupation in Germany in 1919. There is a real treat in store for all who come to hear him.
